MANUFACTURER OF AUTOMOTIVE LIGHTINGS AND BODY PARTS | WWW.FTLFACTORY.PL

ABOUT US

Our company has been established in 2014 as Loro Factory Limited Liability Company however we changed to Joint-stock company and we also changed the name of the company to FTL S.A.

We're manufacturing automotive lighting parts as well as plastic body parts. Our products are designed, engineered and manufactured in our facility in Poland.

Our products fulfill strict norms and regulations with regarding to design and operation safety which is confirmed by E homologation.

We implement ISO 9001 fulfill quality management system.

Our products are certified with EAC certificates that assure compliance with norms and standards of quality and safety for EAC Custom Union countries: Russia, Belarus, Kazakhstan, Armenia and Kirgizstan.

EAC

**Made
in Poland**

We offer automotive lighting consists of indicators, licence plate lights, stop lights, fog lights, daylight running lights, back lamps and other plastic body parts which include bumper, radiator grills mouldings as well as. All products mentioned in the offer fit perfectly for models they are assigned to. Names and brand logos, as well as trademarks and usage examples have been used only for demonstrative reasons, in order to help to identify one of the possible implementations.

All of the FTL S.A. products are carefully packed in order to prevent any damage during transport or storage. In most cases our assortment is parceled in boxes with fitted inserts individually designed for each particular item. All lamps, mock-ups and plastic car accessories are of the highest quality thanks to our innovative technologies and high quality raw materials purchased within the EU.

OUR OFFER AND STRENGTHS

**Modern
Machine Park**

**High Quality,
Low Prices 2 Years Warranty**

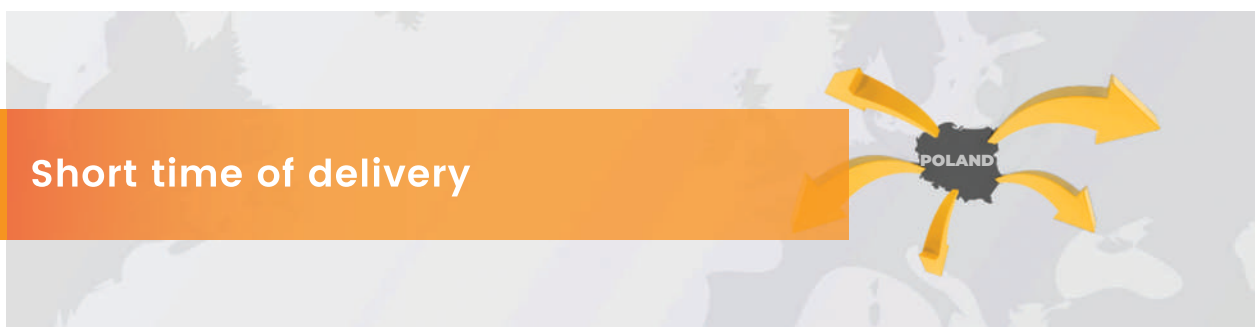

**Warehouse
of Finished Goods**

No MOQs

Short time of delivery

MODERN MACHINE PARK

MODERN MACHINE PARK

All reflective surfaces manufactured by FTL are galvanised according to OE standards. We do not use metalizing nor painting.

The highest quality of purchased materials used in production assures reliability and OE equivalent quality of manufactured products. Our products are capable of withstanding prolonged operating periods in temperatures exceeding 200 °C when such conditions occur.

We match the materials used for production to the specific application of the product. For example we use glass instead of plastic when this is required by operating conditions.

HIGH QUALITY, LOW PRICES, 2 YEAR WARRANTY

We aim our offer at the customers expecting **highest quality at reasonable prices.**

We manufacture our parts in Poland therefore we do not need to bear transportation costs from Asia. We purchase raw materials directly at the producers which also **guarantees lower costs.**

As we design and manufacture all our products ourselves we are certain about their quality. Our products are made from highest quality raw materials and under strict technological processes.

We offer **2 year warranty** for all our products.

WAREHOUSE AND DELIVERY

Our factory is located in Poland, centre of Europe, therefore we're capable of delivering product within **14 days from order.**

Moreover, the broad range of items of finished goods in our warehouse allows our customers for short time of delivery. Our parts are introduced into market under our brand as well as own brands of our customers.

We attach great importance to quality. Before shipment to the customer, our goods undergo a double quality inspection. We use reinforced cardboard packaging to avoid damage during transport.

If you are interested in co-operation please do not hesitate to contact us.
